

BOOKING TERMS AND CONDITIONS

Please read the following booking conditions which apply to all courses offered by the Society of Orthopaedic Medicine (SOM).

Payment Methods

- Cheque payable to 'Society of Orthopaedic Medicine'
- Mastercard/VISA/Switch (Amex not accepted)
- Full payment must be made prior to attending the course
- We cannot invoice for bookings received within 4 weeks of the course
- An invoice can be raised on the following conditions:
 - Full name and address for invoicing
 - A purchase order number (or copy of authority notice)
 - A contact telephone number in case of query
- Full payment must be made prior to attending the course
- We cannot invoice for bookings received within 4 weeks of the course

Cancellations

If we receive your cancellation up to 4 weeks before the course we will refund any money you have paid less a £50 administration charge. Thereafter no refunds can be made for failure to attend.

The SOM reserves the right to cancel any course if necessary, although we will do everything we can to ensure that this does not happen. If the SOM cancels a course, students will have the option to receive a full refund or transfer to another module at no charge.

Data protection

To aid networking, a list of delegate names will be provided to all students and retained by the SOM for the purpose of informing students of SOM events that we consider may be of interest. This information will not be released to third parties. If you would prefer that your name does not appear on the delegate list, please indicate on your booking form.

Catering and accommodation

Coffee and tea is included in the registration fee*. Students are required to purchase their own lunch. Accommodation is not included and information on nearby hotels and guest houses will be provided if requested - please indicate on your booking form. (Please note that the SOM does not accept responsibility for the standard of accommodation).

Copyright

No part of the course materials provided by the SOM may be copied, republished, broadcast or reproduced in any form without the prior written permission of the copyright holders (SOM), except for your own personal use.

DIPLOMA IN ADVANCED CLINICAL PRACTICE IN ORTHOPAEDIC MEDICINE

Unit 1: 11-13 June 2009

Unit 2: 4-5 September 2009

Location: Sheffield

Fee: £630

MODULE STRUCTURE

Module Code:	SOM3
Title:	Advanced Clinical Practice in Orthopaedic Medicine
Pre-requisite:	Must be a fully subscribed Member of the Society of Orthopaedic Medicine*
Teaching hours:	24
Total study hours:	180
Module Leader:	Dr Elaine Atkins

**Or have fully satisfied the assessment criteria of affiliated organisations, currently: Orthopaedic Medicine International, Orthopaedic Medicine Seminars, ISOM, Cyriax Organisation and ETGOM*

Rationale and aims

The module isn't just about advanced techniques but focuses on your advancement in the orthopaedic medicine approach by revising, improving and developing your practical and clinical reasoning skills. You will also be given the tools for literature searching and evaluating research and an opportunity to develop your presentation and communication skills. The course structure involves group discussions and students are encouraged to share their experience with peers through the critical examination of complex clinical cases. The overall aim of the module is to facilitate and confirm your growth as an advanced practitioner and past students have enjoyed the challenge of the course and tangible benefit to their clinical practice.

Learning outcomes

On completion of this module students will be able to: -

- Critically evaluate their clinical orthopaedic medicine practice indicating “value-added” through the integration of the approach into their professional practice.
- Extrapolate and inter-relate a comprehensive knowledge base into advanced practice of orthopaedic medicine.
- Demonstrate advancement in their mastery of handling skills in the performance of orthopaedic medicine techniques.
- Critically discuss and debate current theory underpinning orthopaedic medicine practice and contribute to the development of the taught techniques through a creative and innovative approach to medicine.
- Take the lead in promoting the practice of orthopaedic medicine, and in further developing the evidence base of practice.

Outline of content

- ▲ *The concept of advanced practice*
- ▲ *Evaluation and development of regional techniques used in orthopaedic medicine*
- ▲ *Introduction and evaluation of advanced techniques used in orthopaedic medicine*
- ▲ *Evaluation and identification of lacunae within the specialism*
- ▲ *Methods of critical review*
- ▲ *Developing the evidence base of orthopaedic medicine*
- ▲ *Presentation of case reports*

Teaching and learning strategies

This module will use a range of teaching/learning strategies including lectures, demonstrations, group work, presentation, case reports and tutorials.

Students will demonstrate achievement of the learning outcomes by producing an assignment that is in two parts and must be passed:

- A 2,500 word reflective essay that demonstrates the way in which learning outcomes have been achieved and have enhanced clinical practice
- Objective Structured Clinical Examination (OSCE)

The essay will be graded on the standard 20 point scale and the OSCE on a pass/fail basis. The overall grade for the assignment will be awarded for the essay.

REGISTRATION FORM

I wish to apply for the Diploma in Advanced Clinical Practice in Orthopaedic Medicine, taking place on:

18-20 June 2009 (Unit 1) and **4-5 September 2009** (Unit 2)
